

'I Need You'
Leanne Moden

I need you like a tiger needs a tail
I need you like a hammer needs a nail

I need you like sunburn needs a back
I need you like a mallard needs to quack

I need you like a narcissist needs praise
I need you like a pool table needs baize

I need you like a salad needs tomato
I need you like a trumpet needs vibrato

I need you like the Beatles needed Ringo
I need you like a nanna needs her bingo

I need you like cables need their tangles
I need you like trapeziums need angles

I need you like Horus needed Ra
I need you like a golfer needs a par

I need you like Noah needs his ark
I need you like a puddle needs a shark

I need you like a sausage roll needs grease
I need you like Hannibal needs Clarice

I need you like A and B need C
I need you like I hope that you need me
